

Develop a mobile application using MIT

Date	12 Nov 2022
Team ID	PNT2022TMID49483
Project Name	Smart Farming

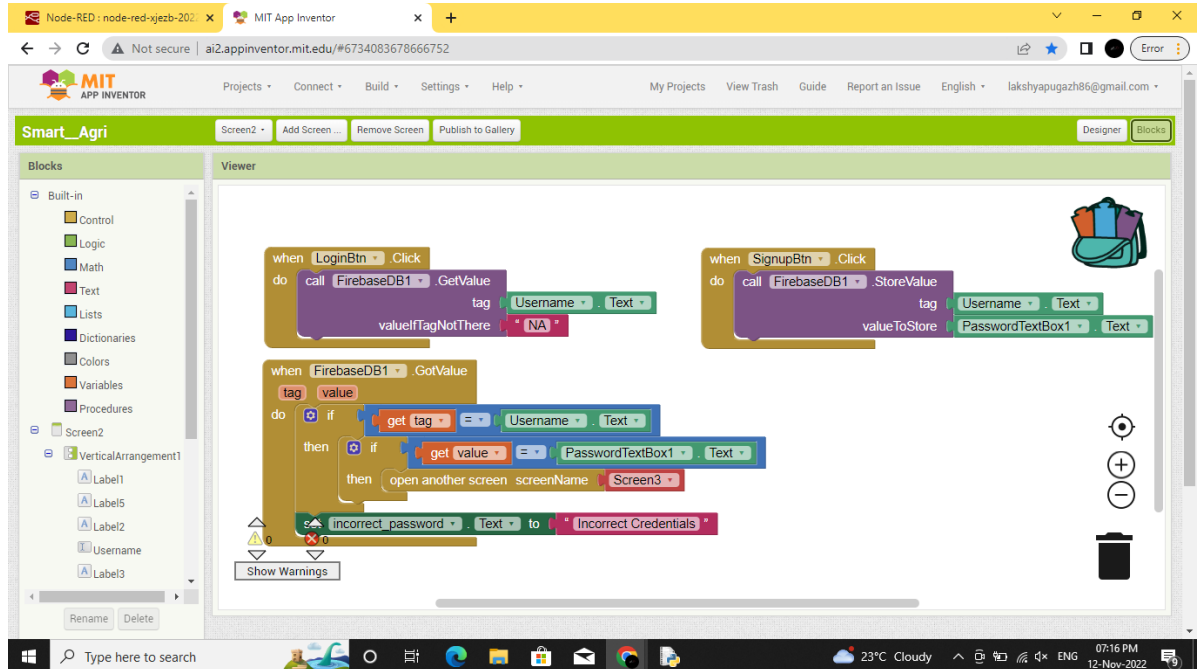

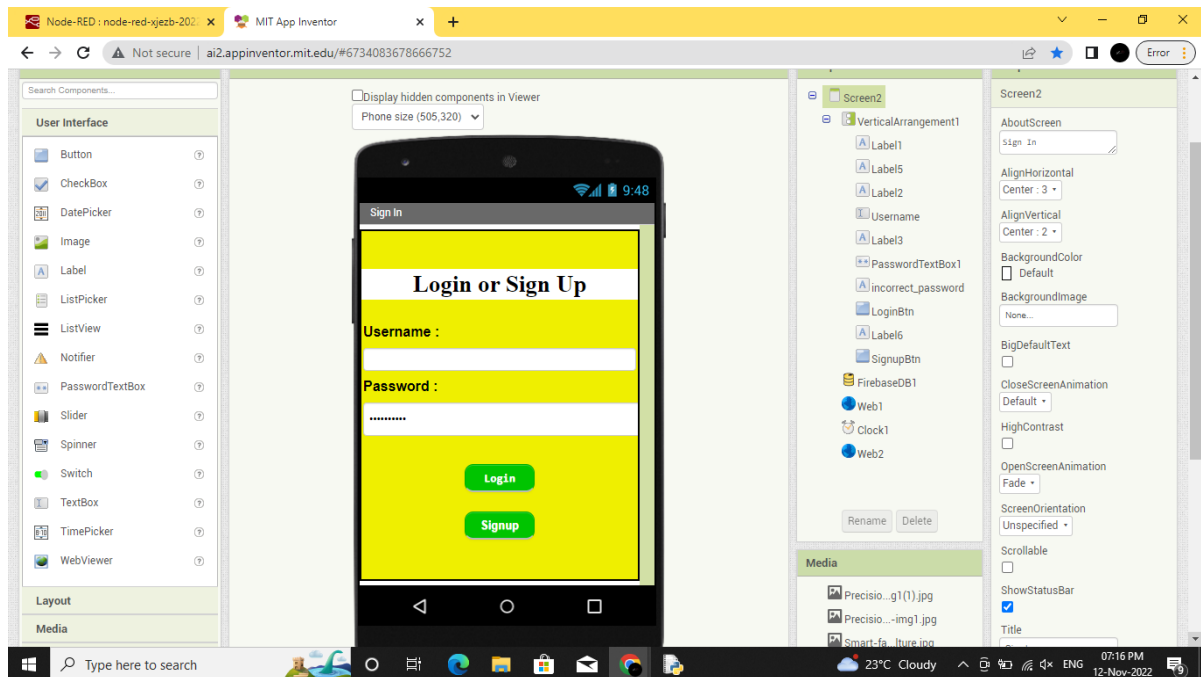

Step 1:

Design screen1 with a button to enter into login screen

Step 2:

Design a login page and arrange the blocks.
Use firebase to store the login credentials.

Step 3:

Design screen3 with the outputs from node red to be displayed.
